"New books on Shakespeare which open the mind and the imagination are rarities. Still more are those which ally this to a challenge to contemporary thinking. *Loving Justice* is one of them." –Brian Cummings, Anniversary Professor at the University of York

"In this sensitive and deeply humane study, Regina Schwartz writes lovingly about love, and justly about justice. She uses insights of the biblical tradition and Shakespeare's great plays to shed a much needed new light on the often abstract and sterile nature of contemporary writings about love and justice. Her book opens our eyes to the potential, the power and the richness of love in our personal and social relations. This is the book we have been waiting for." –Ingolf Dalferth, Danforth Professor of Philosophy of Religion at Claremont Graduate University

"Regina Schwartz's elegant study in *Loving Justice, Living Shakespeare* undertakes to see the world "justly" through Shakespeare's eyes. By "justice" she means much more than simply paying a debt, or fairly distributing goods or opportunities. To live under the regime of love is to inhabit a landscape where humans do not undervalue the worth or rights of others." –David Bevington, Phyllis Fay Horton Professor of the Humanities at the University of Chicago and editor of *The Complete Works of Shakespeare*
